Recommendation

PCAFPD scholars are chosen on the basis of their financial need, academic performance, and commitment to community service and leadership. As the applicant's reference, please describe the applicant's demonstrated leadership skills, accomplishments, and impacts on your community and any other relevant information you feel the committee should know about the applicant.

Miss Rocelyn Mae Martin is my present student in senior high school. She came from a family of three in San Jose del Monte, Bulacan. Her mother is a vendor and sometimes work as a babysitter and her father died when she is nine (9) years old. Without financial assistance from her scholarship, it will be difficult for her to pursue a college degree.

Despite the financial challenges, she remained committed to her studies. She graduated from Junior High School with Honors and is currently in the Top 10 of her class in Senior High with a GWA of 91%. She is part of the HUMSS strand and consistently excel in Social Science and English subjects.

She has been an active volunteer in their barangay for 3 years. She also joined feeding programs, clean-up drives, and free tutorial sessions for their church members during weekends. During the pandemic, she helped in repacking relief goods and in our school's donation drive for affected families. She possesses compassion, responsibility, and the value of small acts of kindness.

She developed her leadership skills through school organizations. She served as Class Officers in Grades 11 and 12. In these roles, she led some of their group projects like organized academic contests. She takes the initiative to learn how to coordinate with teachers, manage a budget, and motivate classmates to work as a team. She is responsible, accountable, and service-oriented.

She dreams of becoming a public-school teacher someday so she can help her family. This scholarship will not only help her to finish college but will also allow her to continue serving others.
