Recommendation

I am honored to recommend Jolen Mae Sarte for consideration for the PCAFPD scholarship. I serve as one of the elder at Matin-ao Congregation, and I have known her for long-term period of timethrough her active participation in our organization's activities.

Throughout the time I have known Jolen Mae, she has demonstrated commendable integrity, diligence, compassion, commitment to service and most importantly, her willingness to serve our Jehovah God. In this capacity, she became a good example to other people especially teens by teaching them God's word in order for them to find purpose of their life.

I believe that Jolen Mae is a deserving candidate for this scholarship. Financial support would assist her in pursuing her academic goal and continuing to contribute positively to the community. I recommend her with confidence and respect.
