PCAFPD Undergraduate Scholarship
Scholarship Selection Committee

Dear Sir/Madam,

It is my pleasure to recommend Stephanie Paden for the PCAFPD Undergraduate Scholarship. Stephanie comes from a stable and loving family. Her father, the family's breadwinner, works as a security guard, while her mother is a full-time homemaker. The values and positive outlook of her parents are clearly reflected in Stephanie and her siblings—all are responsible, well-mannered, and diligent. All four Paden sisters consistently earn Academic Excellence Awards, showing their commitment to learning.

Stephanie is a scholar of the Total Achievement Program (TAP), an outreach initiative that provides free tutorial support to female students in public schools. She attends her tutoring sessions regularly and punctually, and her strong academic standing speaks to her intelligence, dedication, and sense of responsibility.

I am confident that Stephanie will make excellent use of this scholarship opportunity at PUP University. She has the drive and character to succeed in her studies, support her family, and grow into a capable, values-driven professional who will contribute positively to her community and society.

Sincerely yours,

Yolanda O. Zapanta
Organizer, Total Achievement Program
