Recommendation

To whom it may concern,

The Lord be with you.

As a faculty member under the College of Communication and Senior High School Department of the Polytechnic University of the Philippines, I am writing to you in support of **Jimmy J. Nonog Jr.** and his desire to be part of your scholarship program.

Jimmy has been a student from PUP Senior High School for almost two years. He was in several of my classes but most notably performed remarkably in my Homeroom class. As his class adviser, I can attest his outstanding participation in his classes because I always do frequent monitoring of their progress from their teachers. Last academic year (2023–2024), he graduated and was merited with an academic distinction of *“With Highest Honors.”* He also completed his Junior High School with flying colors because he moved to Senior High School with high honors. His grades are high and never had any records of failed, drop, or withdrawn.

He is also an active volunteer in extra-curricular activities not only in school but also in his governmental and non-government organizations and in the community as the Young People President in his local church. In his community, he joined various youth groups concerning the development of the community by providing programs, projects, and assistance that empowers not only the youth, but in any demographic, with a focus on education and scholarship opportunities. He is also an exemplary student leader and campus journalist. In fact, he became a senior news writer, a news writing judge in online press conferences, a public information

officer, and was part of the Supreme Student Government Volunteer corps during his Junior High School days in several student organizations. He is committed and energetic as always.

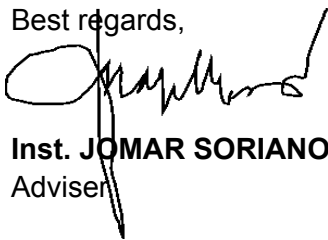

With regards to his character and attitude, he also undeniably showed good conduct and outstanding character. His remarkable character for me is his attentive listening, detail-oriented attitude, his skills in socialization, and being prompt to class. He never attended the classes late. In fact, he is always on time and early during their class hours, making him an undeniably responsible student. He excels most of the time in math lessons and science activities.

He used that to his advantage during the rigorous college admissions season, which yielded favorable results as he passed all six tests and qualified for admissions from the prestigious and renowned universities and colleges, which include the *University of the Philippines - Diliman*, the *Ateneo de Manila University*, *De La Salle University - Manila*, the *Polytechnic University of the Philippines*, the *Philippine State College of Aeronautics*, and *Pamantasan ng Lungsod ng Maynila (University of the City of Manila)*.

His drive for education is what makes him such an exceptional student. Without reservation, I highly endorse him to be part of your institution and his desired scholarship and assistance that your institution is offering.

Please do not hesitate to contact me through this contact number (0916-2466-416) or through this e-mail address (jbsoriano@pup.edu.ph) just in case you need further information regarding Jimmy J. Nonog Jr.'s character and academic records.

Best regards,

Inst. JOMAR SORIANO
