Applicant Information: Use additional pages as needed

Name: KYLEIAN R. ORTEGA
Philippines, Main Campus

Current School: Polytechnic University of the

Recommendation

Dear Peace Corps Alumni Foundation,

I hope this letter finds you well!

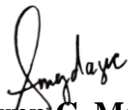

I am reaching out to recommend Kyleian Ortega, from grade 12 STEM-1 of Nagpayong High School. Ms. Ortega has been an exceptional student when it comes to leadership and academics, making her a great candidate for your scholarship.

As her adviser in the Robotics Club, I have taken a notice that she is very dedicated in her line of work. Ms. Ortega served as the elected vice-president of the Robotics club during the academic year 2022-2023. Despite being the youngest executive, she managed to keep up with her seniors and dedicate her time to the club. She's also keen on sharing her ideas to improve the organization.

Her leadership transcends and can also be seen in her academics. During the school-based research congress, Ms. Ortega served as the leader of her group, and they managed to be the overall champion, even first place in all categories. The victory of their group is a result of Ms. Ortega's great leadership among her classmates. I have observed that she is a courageous leader

and very initiative. She is the first to make an action or to ask a question, and encouraging her groupmates to follow.

Furthermore, Ms. Ortega is great in academics especially in the field of mathematics and science. She is one of the students who are eager to learn and very curious. She also works hard to maintain her academic standing despite her commitments in school organization.

I am with honor and pride endorses KYLEIAN ORTEGA for this scholarship. I am definite that she is worthy and that she will continue to inspire her peers to make the world a better place because of her perseverance.

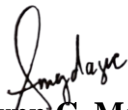

I hope you consider her application.

Kind Regards,

Dr. Amy Lynn C. Magdasoc, Phd, Head Teacher of STEM-Science
