Recommendation:

I am Mr. Rad Alem D. Galing from Espiritu Santo Parochial School of Manila. Inc. I am campus ministry coordinator for the high school department and the executive secretary to the school director, Rev. Fr. Nolan A. Que, Ph.D. I highly recommend Francheska P. Aguilar for your scholarship. As her teacher, I've seen her do her best in her academics. She maintains her efforts throughout the years as the consistent overall top 1 of her batch. She may have faced challenges but she comes back bigger and better with a bang.

In addition, she is also great at demonstrating her camaraderie with her schoolmates, helping them in conquering their challenges personally and academically. As a friend, she listens and advises them carefully, considering each of their unique backgrounds and experiences. On the other hand, as a fellow student, she supports them on the right path, ensuring that they are competent in their respective tasks.

Furthermore, Francheska is a distinguished leader. From small groupings wherein she leads her group mates to success to being the Editor-In-Chief where she can unleash her writing skills and, at the same time, guide her members into crafting an article that can open the minds of others regarding the events and happenings in our school and society.

Moving on, the best trait that Francheska has concerning my work as a campus ministry coordinator is her service to the church. She was once a commentator and lector for the Holy Mass in the school. She also became a member of the Junior Ministry of Lectors and Commentators of the Archdiocesan Shrine of Espiritu Santo, the church of our school. This talent of hers led her closer to God, as she practiced her reading and speaking skills too. This also aided her values and morals in life.

As his teacher, I believe that Francheska will be able to utilize this scholarship very well. She has the characteristics and passion of a person who'll be able to make change for the betterment of the people. I wish her a triumphant journey in this scholarship and the many chapters of her life that are to come.
