Recommendation

PCAFPD scholars are chosen on the basis of their financial need, academic performance, and commitment to community service and leadership. As the applicant's reference, please describe the applicant's demonstrated leadership skills, accomplishments, and impacts on your community and any other relevant information you feel the committee should know about the applicant.

I am pleased to recommend Ms. Allaiza Erikka Ciupan for the scholarship offered by your esteemed institution. I have had the privilege of being Ms. Ciupan's instructor during her NSTP 1 and 2 classes in the third term of the 2023-2024 and first term of 2024-2025 academic year. Throughout this time, I have been consistently impressed with her academic performance, evident in her excellent grades, perfect attendance, and enthusiastic participation in class discussions.

Ms. Ciupan's dedication to her studies is matched by her commendable attitude and strong work ethic. She approaches her academic challenges with determination and resilience, which has not only earned her respect among her peers but has also established her as a role model within our learning community.

In addition to her academic accomplishments, Ms. Ciupan has demonstrated exceptional leadership skills. As part of our NSTP community project, "Cartune-in with Your Skin," she played a vital role in organizing activities aimed at educating Grade 3 students at Calamba Elementary School about their skin color through engaging activities. Her ability to inspire and mobilize her fellow students to engage in this initiative was instrumental in its success. The project not only provided valuable education to the children but also fostered a sense of community and social responsibility among participants.

Ms. Ciupan's commitment to academic excellence and community service aligns perfectly with the objectives of the PCAFPD scholarship. I wholeheartedly endorse her candidacy for this opportunity, confident that she will continue to excel and make meaningful contributions to society.
