Recommendation

PCAFPD scholars are chosen on the basis of their financial need, academic performance, and commitment to community service and leadership. As the applicant's reference, please describe the applicant's demonstrated leadership skills, accomplishments, and impacts on your community and any other relevant information you feel the committee should know about the applicant.

I am pleased to recommend Daren Angel B. Delen, a diligent and hardworking student, for scholarship consideration. As her Chemistry professor, I have had the privilege of getting to know Ren both academically and personally. In our short time together, we have developed a close relationship, and I am honored to serve as both her teacher and confidante. Ren openly shares her goals and challenges with me, reflecting her maturity and trust.

Ren lives with her close-knit family in Calamba, Laguna, and has consistently demonstrated dedication in all aspects of her life. She graduated from Calamba Institute with High Honors and earned a spot on the Dean's List with First Honors last year, embodying academic excellence and a drive to grow. She also contributes actively to the NU-Laguna Peers organization, where she advocates for mental health awareness—a cause close to her heart, reflecting her empathy and commitment to supporting others.

Ren's pursuit of a scholarship is rooted in her desire to support her family, who face financial challenges, especially since her father, the primary provider, was recently diagnosed with a transient ischemic attack. Her motivation to excel is not only for personal growth but to ease her family's financial burdens and improve their quality of life. I am confident that Ren's resilience, determination, and compassion will make her an outstanding scholarship recipient and a dedicated future professional.
