**Dear PCAFPD Committee,**

This letter is a recommendation for **ARMINA L. HAJILI** who is applying for the scholarship program. I have the pleasure of teaching her for this current school year 2024-2025 on my advisory class of grade 12 STEM (**Science, Technology, Engineering and Mathematics**) strand. During the time that I know Armina, she has demonstrated great skills in communication, mathematical and scientific knowledge, specifically the 21<sup>st</sup> century learning skills.

I think this scholarship program will help to pursue her dreams and provide a benefits on her academic career due to the difficulties she will encounter in financing the college educational courses.

Ms. Hajili is truly a diligent, smart and disciplined student, she is friendly and very supportive to her friends and family. In addition, she possesses many other great qualities that make her a better person. She is well-motivated and very enthusiastic in her academic journey.

I am confidently recommend her for the application of your scholarship program and I'm sure that she will uphold the standards of the program and become a valuable member of your scholarship community.

Thank you and more power!

Sincerely,

  
**HASANAL A. BAKIL**

Class Adviser

Dear PCAFPD Committee,

Greetings of Peace and Prosperity!

I am writing this letter in line with the application of Ms. **ARMINA L. HAJILI** who is applying for the scholarship program. She was my former student in Grade-10 and recognized her as class with honors. I've known her for being diligent and hardworking.

Apart from her good scholastic records, her nice character is also notable. A very respectful young lady towards her elders, and also supportive to her friends and family.

Our Island, Pangutaran is highly need of scholars. Contribution from the young minds is highly sought, hence I strongly recommend Ms. Hajili for the scholarship.

Thank you very much and more power!

Respectfully yours,

  
**AL-WINA D. ALAN**

Teacher
