### Recommendation

I am Rafael's adviser for nearly two school years. Seeing the growth and development from when they began their SHS academic journey until now that they are already graduating, the following recommendations are reflections of what he have been doing and contributing for the past months.

Rafael can be considered as the silent one but the impact that he makes is underscored through the things and even outputs that he does. He is a consistent honor student, excelling in all subjects they have since Grade 11. He is also part of The Shade, the official school publication, as a cartoonist. His talent in sketching and/or drawing is of great use, creating comics that are relatable and is also a reflection of the society. Journalism is a great way to contribute to the community, navigate facts and truths, and shedding light to issues, empowering readers. Rafael, using his talent, makes it a powerful statement of service without expecting anything else in return.
