Recommendation

Ms. Topia is an active participant that recites every lesson and shows her knowledge and understanding of my subject in Earth and Life Science. Where she shares a lot of knowledge and insights, that deem her likable, smart, and helpful, by not only her peers, but her classmates and other teachers as well. Moreover, her intellectual prowess shines through during my subject as her passion for the Earth Sciences reflects her outstandingly high grade of 96.00 GPA. In terms of personality, I could see her eagerness to learn and always have the initiative to do something for the class even if I did not ask for help. Beyond academics, her involvement and contributions in various school organizations, as part of the executive team in the Dulaang Rizaliano (Drama Club), the Academics Director in Callidus Loquentium (Debate Club), and part of the creatives member in Senior High School Student Council, further underscore her consistent leadership and service capabilities. Additionally, the student was a former La Pluma Scholar wherein she was granted 100% tuition fee this Grade 11, showing that beyond the student's excellent academic record, she is able to manage her time flexibly and juggle multiple tasks at hand with quality execution while being heavily involved in various extracurriculars. Her dedication, coupled with her strong academic record, makes her an ideal candidate for this scholarship. Therefore, I highly recommend Ms. Topia to be part of your scholarship program because of her great academic performance, bright and energetic personality, and also her values and good heart. I assure you that she will pay forward all the support and opportunities extended to her, making a positive impact not only in her community but for the entire country as well.

Respectfully Yours,
