To Whom It May Concern:

I am writing this letter to you on behalf of Mr. Meggs Alexander C. Tayag in his application for your scholarship. I have had the pleasure to handle his Science class in Junior High School and even had considered him as one of my favorite students.

As a student, Mr. Tayag had demonstrated his love for learning and the level of commitment to succeed. Being his Junior High School teacher I had come across bright students and he was surely one of them. He has a very sharp knack for Physics and Chemistry and it has been his passion to pursue his further studies in any of these fields of Science.

I know that this scholarship goes to the most deserving applicants and this is why I, Mrs. Cecile B. Pusta highly recommend Mr. Tayag for it. If you wish to know anything more about him, you can contact me anytime at my mentioned phone number (0946-509-2632).
