Recommendation

Mr. John Kaizan B. Castillo was an active citizen at Brgy. Talaga, Lemery, Batangas. He also participated in different activities for the youth. His creativity makes every program successful with his graphic design skills, especially in publishing posts regarding some major events for the chapel's development. As a member of the Kapisanan sa Nayon ng Talaga, he was a good role model by showing his dedication in serving the community. He demonstrates great leadership through encouraging his fellow youth to help in building camaraderie for the chapel's beautification and maintaining harmony in the Kapisanan.

Aside from excellent service in the community, he was also a role model of youth for being a good and studious student. Even from his elementary days, he was a prominent journalist which he developed in his high school days as a radio broadcaster. His experience became helpful to our organization when we need a voice over person. He helps us in a way that will make us proud. Moreover, he was a consistent honor student which inspires the younger Talagueños to continue chasing their dreams in life.
