Organization/School: Ternate West National High School

Email address: Riolene Anit De Guzman (Facebook Account)

Applicant Information:

Name: Janlester G. Dioquino

Current School: Philippine State College of Aeronautics

Recommendation

It is with great enthusiasm that I recommend Janlester Dioquino for the PCAFPD scholarship. As his former teacher at Ternate West National High School - San Juan Extension, I had the pleasure of witnessing his dedication to academics and personal growth. Janlester consistently went above and beyond in his studies, demonstrating a genuine passion for learning. His intellectual curiosity and willingness to tackle challenging assignments set him apart, inspiring his classmates and fostering a collaborative, positive learning environment.

Beyond academics, Janlester has shown exceptional leadership skills and a strong commitment to community service. He frequently organized study groups, mentored peers, and took on responsibilities in school activities and events, bringing his classmates together in support of common goals. Janlester's enthusiasm extended beyond school walls as well, where he actively participated in community outreach programs, strengthening his sense of social responsibility and inspiring others to join him.

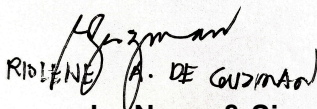

In summary, Janlester's blend of academic excellence, leadership, and dedication to his community makes him a remarkable candidate for this scholarship. I have full confidence that his resilience and commitment to continuous improvement will drive him to excel further and make a positive impact on those around him. It has been a privilege to work with Janlester, and I am confident he will continue to bring this same energy and commitment to his future endeavors.

Sincerely,

Mrs. Riolene Anit De Guzman

Former Teacher

Ternate West National High School
