Name: DELL M. DELA PEÑA

Current School: Cebu Institute of Technology- University

Recommendation

"To build a prosperous country, we need to start changing the lives of those who need the most"

I am happy to write this letter of recommendation to Mr.Dell M. Dela Peña, a former student of Buenasuerte Integrated School and our first With Highest Honor graduate, in support of his application for the scholarship program under the Peace Corps Alumni Foundation for Philippine Development (PCAFPD).

As his former teacher and his mentor, I have seen the potential for him to carry responsibility being trusted to him. He was a campus journalist, serving as associate editor of Ang Integretaryo, the official school publication of Buenasuerte Integrated School, from 2023 to 2025.

Mr. Dela Peña brought several awards and recognition to the school in the Division and Regional Schools Press Conferences and Festival of Talents. To mention, he was a two-time Regional Schools Press Conference qualifier and placed second once in the region for feature writing in the Filipino category. Also, he also qualified for the Regional Festival of Talent in 2023 for Sulat-Bigkas ng Talumpati. With all of his success in different competitions, I believe that his attitude and drive will bring him to a better life and I know, with the help of your foundation, he can make it through.

I believe that giving him a chance to be part of your foundation will help him finish his studies, because he has the perseverance and drive and an image of a good citizen of society whose goal is to make a change.

RENE A. ALCARAZ
