RECOMMENDATION LETTER

To Whom It May Concern:

Good day.

I am writing to recommend Princess A. Mananquil for a scholarship. I am a resident of Barangay Obogon, Tanjay City, Negros Oriental. As a resident of her community, I have personally known Princess and her family for several years and can attest to their modest means and financial limitations.

Despite economic challenges, Princess has consistently demonstrated diligence, good moral character, and a strong commitment to her education. Her family works hard to provide for daily needs, yet they continue to face financial difficulties that make educational support essential.

I sincerely believe that Princess is a deserving candidate for this scholarship and that this opportunity would greatly aid her in achieving her academic goals.

Please feel free to contact me at 09056151502 should you require any further information

Respectfully Yours,

NENITA R. CORNELIO
