To Whom It May Concern,

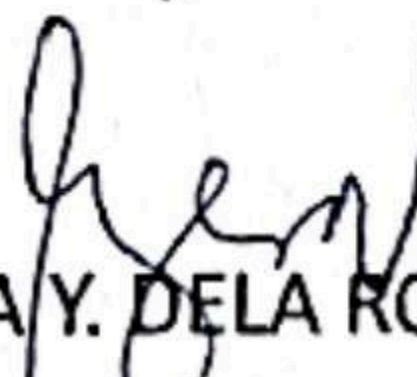

I am Mrs. Liza Ysao Dela Rosa, the classroom adviser at Dalaguete National High School. I am pleased to certify that Trexie F. Villahermosa was an active and dedicated student during her time with us.

Trexie showed great leadership skills and a strong commitment to her studies and school activities. She served as Co-Leader for the research project on developing technology for a better community, demonstrating both creativity and responsibility in helping improve our local area.

Additionally, Trexie was Co-Leader for the Science Exhibit where she contributed to an environmental project. This involved collecting clothes that were no longer useful and selling them to raise funds for STEM programs. Her efforts helped support science education and promoted environmental awareness among her peers.

Trexie's dedication, leadership, and positive attitude made her an excellent role model for her classmates. I am confident that she will continue to succeed and contribute positively to your university community.

Sincerely,

  
LIZA Y. DELA ROSA  
Class Adviser
