### Applicant Information:

Name: Gwyn Lyka M. Movilla

Current School: President Ramon Magsaysay State University

### Recommendation

As the Sangguniang Kabataan Chairman of Barangay Guisguis, Santa Cruz, Zambales, it is with great pride that I write this letter of recommendation for Gwyn Lyka M. Movilla, a youth from our community, in support of her application for the Peace Corps Alumni Foundation for Philippine Development (PCAFPD) Scholarship.

In our barangay, Gwyn Lyka M. Movilla has been an active and outstanding member of the youth sector. She have consistently demonstrated commendable leadership skills, a strong sense of responsibility, and an unwavering commitment to community service. Notable examples of her contributions include:

As SPG President (2018–2019), Gwyn Lyka M. Movilla led school-wide clean-up drives, promoting student involvement, discipline, and social responsibility at a young age.

As a YES-O Grade 9 representative, she took part in a tree-planting project that raised awareness about environmental sustainability within the school and community.

As a Youth Member of the Ministry of Ramon Catholic Sub-parish, she volunteered in church-led activities, helping organize youth fellowships and religious events that nurtured spiritual growth and community service.

As Editor-in-Chief of the School Publication, she directed a team of student journalists, ensuring high-quality, relevant publications and encouraging student voices on social, academic, and local issues.

She are not only a role model to fellow youth but also a reliable volunteer whenever the barangay undertakes initiatives that benefit the larger community. Despite financial limitations, Gwyn Lyka M. Movilla continues to pursue academic excellence and demonstrate resilience in all aspects of life.

It is rare to find someone as dedicated, service-oriented, and driven as her. I strongly believe that granting Gwyn Lyka M. Movilla this scholarship will empower her to further develop their leadership skills and continue making a positive impact in society.
