### II. Presenting Problem

The client graduated her Senior-High School last March 25, 2025 in IBA COLLEGE OF MINDANAO Población, Valencia City, Bukidnon. She is wanted to continue her college at PHINMA CAGAYAN DE ORO CITY and to be enrolled Bachelor in **NURSING** this school year 2025-2026. The family is financially exhausted, due to School fees and other educational expenses hence asking to avail the scholarship program to surpass their present crisis situation and to pursue her dreams.

### III. History of the case

The client wanted to achieve her goal to become A Nurse someday, she is decided to continue her studies at PHENMA CAGAYAN DE ORO COLLEGE, Cagayan de ORO CITY.

#### IV. Family Background

The family resides at Purok 17, Hindangon Valencia City, Bukidnon. The client's father is the sole earner in the family. Evidently, their primary source of income is through the salary of her father as a driver which is enough to sustain the daily subsistence of the family.

The client describes her current situation as one of the most difficult times of her life, she does not know where to go to ask for help just to pursue her dream. She knows that her family's income could not help them since it is good only for their daily necessities.

#### V. Assessment

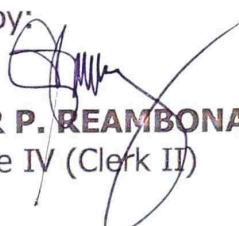

As per assessment made, the client is capable to avail the scholarship. As assessed, that client's family is one of the indigent families in their barangay per certificate of indigency presented.

Thus, the family's resources in sustaining the client's educational assistance are insufficient enough to augment their present problem.

#### VI. Recommendation

It is hereby recommended based on the above assessment made, that the client is eligible for financial assistance from Commission on Higher Education (**CHED**) that this social case study would suffice, as an immediate intervention to the client.
