Recommendation

As the applicant's former subject teacher, I sincerely and proudly recommend Terobin D. Paliwanan for the PCAFPD scholarship because of his achievements as a Senior High School graduate in Itawes National High School. During his Senior years, he managed to excel both in curricular and extra-curricular activities. In his academics, he consistently awarded with honors and became one of the top students in his batch juggling and balancing all of his subjects with flying colors. In addition, he was not simply just a STEM student but he was also an active leader particularly in his academics. He was often picked as a leader in his subjects and accepted it wholeheartedly most especially in my subject Research where he was awarded Outstanding Performance in Research Innovation and also Outstanding Performance in Work Immersion. Aside from excelling in his academics, he was also very active as a student leader at the same time a YES-O officer who had actively participated in school and community services particularly helping in cleaning areas in the school, planting trees, and he was also part of lessening the plastics and trashes in the community particularly in barangays as part of the club's advocacy. In addition to this, he was also a student journalist who became an 8th Placer in Science and Technology Writing (Filipino) during the Congressional Schools Press Conference and he won 9th Place during the Division School Press Conference in Lasam, Cagayan. With these achievements, he was awarded the Communication Arts Award during his graduation. In spite of having a lot of awards and honors in Itawes National High School, he remains humble, kind, obedient, and dedicated as a student. He is a jewel and well-loved by everyone.
