Scholarship Committee  
PCAFPD Scholarship

Dear Scholarship Committee,

It is with great pleasure and without reservation that I recommend John Russell B. Guerrero for the PCAFPD Scholarship. I have known John for several years as the principal of Magassi Elementary School where he was a student and an exceptional leader. During his time at Magassi Elementary School, John Russell served as the President of the Student Organization. He distinguished himself as a leader who led by example, inspiring his fellow students through his dedication and commitment. He consistently demonstrated strong leadership qualities, effectively motivating his peers and fostering a collaborative environment.

One notable project that John Russell spearheaded was the "Trash it to Cash it" initiative. This project not only promoted environmental awareness but also significantly contributed to maintaining the cleanliness of our school. His proactive approach and ability to mobilize the student body were instrumental in the project's success.

Beyond his leadership roles, John Russell excelled academically and was the class valedictorian of his graduating class. This achievement reflects his intellectual capabilities, work ethic, and commitment to excellence. I am confident that John Russell possesses the leadership skills, dedication, and academic abilities to succeed in his future endeavors and make a significant contribution to society. He is a highly deserving candidate for the PCAFPD Scholarship, and I wholeheartedly recommend him for your consideration. Please feel free to contact me if you require any further information.

Sincerely,

  
Carina G. Rivera  
Principal I
