Recommendation

To Whom It May Concern,

It is with great pride and wholehearted enthusiasm that I write this letter of recommendation for Alliyah Mae Guerra, who served as the Class President of the Grade 12 ABM class under my advisership, School Year 2024-2025. She was not only an exceptional student but also an outstanding leader whose presence made a significant impact on our class and school community.

As Class President, she demonstrated an admirable level of responsibility, maturity, and initiative. She had a natural ability to lead and command the respect of her classmates while fostering an inclusive and respectful atmosphere. Her leadership was marked by her active involvement in planning and executing class and school activities, often assisting me in the decision-making process with sound judgment and insight. Her proactive nature and commitment to excellence were evident in everything she did.

Academically, she consistently displayed discipline, perseverance, and intellectual curiosity. Her dedication to her studies culminated in her being awarded With Highest Honors of the ABM Class and the entire Batch of 2025, a well-deserved recognition of her hard work and excellence. She served as an inspiration to her peers, always striving for personal growth while encouraging others to do the same.

Beyond the classroom, her character was shaped by her deep faith and values. A God-fearing student, she lived out her faith not only in words but in her actions. She actively participated in church activities and was always guided by a strong moral compass, humility, and compassion for others.

In every aspect of student life, academics, leadership, and personal conduct, she has proven to be a remarkable individual. I am confident that she will continue to bring the same passion, integrity, and excellence to any path she chooses to pursue. I recommend her with the highest level of confidence.

Should you need further information, please feel free to contact me.

ROWENA P. VILLAMIN, EdD
