### Recommendation

I am writing this to recommend Princess Nikki C. Arcayna for your scholarship program. She is an active youth member of our community and is affiliated with Sangguniang Kabataan (SK) of Barangay Tibungco. Princess Nikki has shown great dedication to serving the youth. She actively participates in different youth activities, such as the sign language workshop, where she helps promote inclusion and communication with the Deaf community. Through this, she has shown her compassion and willingness to learn for the benefit of others.

She also has strong leadership skills. She takes part in organizing events and encourages her fellow youth to participate in community programs. Her positive attitude and hard work inspire others to get involved as well. Her efforts help bring the youth together and make a positive impact on our barangay. I believe that Princess Nikki truly deserves this scholarship because she has the heart to serve, the determination to improve herself, and the dedication to help others. I am confident that with your support, she will continue to grow and make greater contributions to our community.

Thank you for your kind consideration.
