Recommendation

I strongly recommend Sebastian Lorenzo Castaños for college admission, as he has consistently demonstrated academic excellence and active leadership throughout his high school years. From Grade 8 to Grade 12, he maintained a Consistent High Honors Standing, reflecting a strong work ethic and intellectual capability. He was also recognized as a Dynamic Engagement Awardee, actively participating in the DLSL I.S. Debate Society, showcasing critical thinking and communication skills. As the Class Stallion Representative for the graduation yearbook and a CAPSTONE Leader from Grade 8 to 11, Sebastian proved to be a reliable and inspiring student leader, even mentoring successors in SY 2024–2025. Furthermore, he represented the school at esteemed academic events, including as a Research Presenter at the 2nd International WAKASA Forum (March 7, 2025), an IP Quiz Bee participant (April 24, 2025), and a finalist in the UNSDG Quiz Bee (November 2023). These achievements reflect a well-rounded, globally aware student prepared to contribute meaningfully to any college community.
