Recommendation

I am writing in support of April Joy Cuervo's application for the PCAF PD Scholarship. As the administrator of St. Paul Christian School and the adviser of our Photography Club, I have had the pleasure of working closely with April for the past six months. In that time, she has consistently impressed me with her dedication, initiative, and well-rounded excellence both in and out of the classroom. Academically, April is among our top-performing students. She was awarded With High Honors for both semesters of Grade 11 and placed Top 3 overall with a Grade Weighted Average of 96%, earning the Outstanding Student Award for the school year 2024–2025. These achievements are a testament to her diligence, consistency, and strong work ethic. Beyond her academic success, April has shown exceptional commitment to service and leadership. She currently serves as the class secretary and was elected Red Cross Youth GAS Strand Representative, a role that demonstrates her peers' trust in her ability to lead. She is also a member of the Girl Scouts of the Philippines and takes an active role in school-wide events. As a member of our Photography Club, April has shown real initiative. During school events, she often volunteers without being asked to document activities with enthusiasm and care. Her passion and dependability make her a valuable part of our student media team. She is also a varsity badminton player, a Balagtas participant during Buwan ng Wika, and a mixed doubles champion in lawn tennis during our Foundation Day sports events. In terms of character, April is industrious, self-motivated, and quietly dependable. She shows a genuine desire to contribute. Although I do not have full knowledge of her family's financial circumstances, I understand that she transferred from a public school, and I believe that receiving this scholarship would greatly support her continued education and development. I highly recommend April for the PCAF PD Scholarship. She exemplifies the values of academic excellence, leadership, and service that your program seeks to support. Please feel free to contact me should you need any further information.
