

To the Scholarship Committee

Mam/Sir:

Greetings!

Claire Joy A. Sencil, Grade 12 Buffett student of Himamaylan NHS, had been elected as Grade 12 representative of the Supreme Secondary Learners' Government, the highest student-led organization in DepEd Public schools this school year.

Since then, she shared her sense of responsibility through attending and participating in school-led activities and is active being one of the core functioning officers. As a representative, she led the Grade 12 students of Himamaylan NHS, nearly 850 plus in population, in various grade level and school based activities such as our Brigada Eskwela, Opln Balik Eskwela and weekly activities such as clean-up drives and flag ceremony, clearly witness our national core values – Maka-Diyos, Makakalikasan, Makatao at Makabansa.

As his organizational adviser, I hereby recommend her to be one of the recipients of the said educational assistance / scholarship. This will be a help for her to further continue chasing her dreams and aspirations in life as a reward for being a good leader. This grant will be an advantage also for her family considering the help it can give to expense her education.

I hope that thru this letter, she will be considered having her as one of your recipients.

Thank you very much and may the good Lord bless you and your mission to help young minds to achieve their aspirations in life.

Respectfully yours,

BENHURP. DORONILA
Supreme Secondary Learners' Government Adviser
Himamaylan NHS
