To the Scholarship Committee,

It is with immense pleasure and without reservation that I recommend **Michelle Anne S. Layson**, for your prestigious scholarship program. I have had the distinct honor of knowing her for the past two years as his subject teacher in science subjects and class adviser in Grade 11.

She is one of those truly rare students whose academic achievements—an honor graduate status, top marks in every major subjects. In my Grade 11-STEM Mendeleev class, she did not simply seek the correct answer; she sought the foundational reasoning behind the question.

She continuously exhibits the maturity, moral character, and proactive leadership needed for success in college and beyond outside of the classroom. She demonstrated that she was a natural convener and mentor rather than just a commander by taking charge of every group presentation and performance task. She has a talent for highlighting other people’s efforts and creating a genuinely cooperative atmosphere where each team member is respected.

In summary, she has excelled not just because of raw talent, but because of consistent dedication, a profound love of learning, and an unwavering commitment to integrity. She possess the unique combination of outstanding analytical ability and highly developed interpersonal skills, making her an ideal candidate to make a significant contribution to your academic community.

I have no doubt that she will be an exceptionally successful student and, eventually, a leader and innovator in her chosen field. Please do not hesitate to contact me if you require any further information.

Sincerely,

DOMINADOR F. DESPOGADO  
Teacher II – Senior High School
