Current School: Negros Oriental State University, Main Campus

Recommendation

To Whom It May Concern,

I am writing to enthusiastically recommend Faye Antonette Cañamaque for the Peace Corps Scholars and Alumni Association scholarship. I had the pleasure of being Faye’s teacher at Andres V. Fortugaleza National High School (AVFNHS) from 2023 until her graduation in 2024.

Throughout her time in my class, Faye consistently demonstrated exceptional academic ability, a strong work ethic, and genuine passion for learning. She was a model student, always eager to participate in discussions, ask insightful questions, and contribute meaningfully to class projects. Her dedication was evident in her outstanding academic performance, which earned her graduation with high honors.

Faye’s talents extend far beyond the classroom. She is a gifted communicator, a talented performer, and a budding entrepreneur. Her proficiency in communication in the arts, her recognition as Young Entrepreneur of the Year, and her expertise in performing arts and research are testaments to her multifaceted abilities.

Faye’s commitment to her community is equally impressive. Her role as a Junior Campus Ambassador and her award-winning research paper at the 2024 Senior High School Fair: Research Congress demonstrate her leadership potential and her desire to make a positive impact.

I am confident that Faye possesses the intellectual curiosity, drive, and compassion to thrive in the Peace Corps. Her academic excellence, her diverse skills, and her commitment to service make her an ideal candidate for this prestigious program. I wholeheartedly recommend her for the scholarship and believe she will be a valuable asset to the Peace Corps community.
