To the Scholarship Committee,
Peace Corps Alumni Foundation for Philippine Development Scholarship

Good day,

I am honored to recommend **Mr. Johndy D. Pepito** for the Peace Corps Alumni Foundation for Philippine Development Scholarship. As the former Principal of **Santa Rosa National Junior High School**, where Johndy spent his formative secondary years, I had the privilege of observing his academic excellence, leadership, and service to both the school and the community.

Johndy was an outstanding student who consistently earned academic honors and showed remarkable dedication to his studies, particularly in Science, Mathematics, and leadership activities. He held several key positions during his time at our school, such as **President of the Mathematics Club, President of the Chess Club, and Editor-in-Chief of the school paper, "The Communique."** These roles highlight not only his intellectual ability but also his skills in organization, responsibility, and teamwork.

What truly sets Johndy apart is his passion for advocacy and service even at a young age. His involvement in leadership training, environmental initiatives, and his continued role as a youth representative at the barangay and city level demonstrate a maturity and social awareness rare for students his age.

I strongly believe Johndy has the potential to succeed in higher education and in his future career as a Marine Biologist. He has both the determination and the character to contribute meaningfully to society. I wholeheartedly endorse his application and encourage you to grant him the support of your scholarship.

Respectfully,

Noelito Tisoy

Former Principal, Santa Rosa National Junior High School
