Applicant Information: Use additional pages as needed

Name: **RAINE YESHA CONSUELO**

Current School: **POLYTECHNIC UNIVERSITY OF THE PHILIPPINES**

### Recommendation

It is with great pleasure that I write this recommendation letter for Ms. Raine Yesha Consuelo, a former student of mine under the Grade 12-ABM B class. Raine graduated with honors and was recognized with special awards such as Excellence in Work Immersion and Excellence in Arts, which speak volumes of her dedication, creativity, and commitment to excellence.

During her time in my advisory class, Raine consistently demonstrated diligence and determination in her academic endeavors. She was not only hardworking but also genuinely compassionate towards her peers and teachers. She became the go-to person of her classmates, always ready to extend a helping hand to those in need. Her natural ability to empathize and support others set her apart as a student with both intellect and heart.

Raine's charm, coupled with her innate leadership abilities, earned her the admiration and respect of those around her. She displayed maturity and responsibility beyond her years, showing that she is capable of thriving in collaborative environments while also taking initiative when leadership was required.

I am confident that Raine Yesha Consuelo will bring the same level of excellence, dedication, and character to any endeavor she chooses to pursue. She has my highest recommendation, and I believe she will continue to inspire and succeed in her future academic and professional undertakings.
