Recommendation

I, **Regina S. Cuyahon**, a teacher/class adviser of applicant and an alumna of PCAFPD scholarship program, wholeheartedly recommend Brianalyn C. Dug-a for a scholarship.

As subjects' teacher and class adviser of Ms. Dug-a, I have had the privilege of witnessing her remarkable academic transformation, which is a direct result of her unwavering perseverance and dedication. Just the recent quarter of this school year, she was honored with an academic award.

Moreover, Ms. Dug-a's involvement in school clubs and her role as a class officer showcase her leadership abilities, sense of responsibility, and capacity to manage academic and social responsibilities effectively.

On the other hand, Ms. Dug-a's father died in a vehicular accident just September 20, 2025. During the wake of her father, I have seen personally the financial difficulties her family is experiencing. With her father passing, her mother is anxious about financing her and her three siblings' education and meeting their needs.

In light of her remarkable academic performance, leadership skills, and financial challenges, I strongly support Ms. Dug-a's application for PCAFPD scholarship. This opportunity will undoubtedly contribute to the achievement of her educational goals for her family.
