Recommendation

Dear Members of the Scholarship Committee,

It is my pleasure to write this recommendation letter in support of the application Ms. Rica M. Reyes, a third-year Architecture student of the University of the East- Caloocan, as a candidate for scholarship opportunity offered in your organization.

Ms. Reyes is a passionate and diligent student in the Architecture program. She has consistently displayed a commitment in her works, as reflected in her academic record. For this academic year, she was not granted a university scholarship, as the number of grantees was reduced due to some policies implemented by the institution. As Ms. Rica previously held a school scholarship during her time as a Fine Arts student before shifting to Architecture—a field she felt truly called to pursue. Architecture as one of the toughest tertiary programs, but despite of this Ms. Reyes has maintained a record free of failing grades, reflecting the attitude of perseverance and academic discipline.

I sincerely hope that you will consider Ms. Reyes in her application, as I am confident that she will make the most of this opportunity and continue to excel, both academically and personally.

Thank you for your consideration.

Respectfully yours,

Ar. Art G. Barroca, M. Arch, uap
