### **Recommendation**

I am recommending Hanifa Jayari Madtahil, a former student of Panigayan Integrated School (formerly Malamawi National High School—Panigayan Extension). She has consistently shown strong academic performance, being an honor student from Grade 8 to Grade 9. In addition to her academic standing, she has demonstrated clear leadership skills, serving as Class President, SSG President, and Science Club President during her Grade 9 year.

She has participated in community service wherein she is one of those who volunteered to bring donations to Basilan National High School after the fire in Kaumpurnah, Isabela City happened around July 2022. Outside of her leadership and service roles, she is also active in the arts of music as a lyrist.

Her record shows that she is capable, responsible, and able to balance academics, leadership, and service. I believe she has the potential to benefit from the PCAFPD scholarship and to make good use of the opportunities it provides.
