Dear Members of the Scholarship Selection Committee,

It is my distinct pleasure to recommend Albert E. Cuario for your scholarship program. As the school adviser of An Banaag, I have worked closely with Albert in their vital roles as our publication's secretary and a featured column writer.

In their role as secretary, Albert keeps our editorial team highly organized, managing deadlines and communication with exceptional reliability. Equally impressive is their work as a column writer; their articles display sharp critical thinking, eloquence, and a deep engagement with important issues. Balancing the logistical demands of a secretary with the creative discipline of a columnist requires a rare level of dedication and time management qualities Albert demonstrates daily.

Albert is a talented, hard-working student who truly embodies the spirit of leadership and service. I have no doubt they will bring this same excellence to their future academic pursuits, and I recommend them for this scholarship without reservation.

Sincerely,

NICK L. DASALLA
