To Whom it May Concern,

I am writing this letter to recommend Lyca R. Narvasa for the PCAFPD Undergraduate Scholarship.

As the Sangguniang Kabataan Chairperson, I have had the opportunity to know Lyca as a responsible and respectful young member of our community. She is approachable, cooperative, and willing to participate in activities that benefit others. She shows a positive attitude and gets along well with the people around her.

I also know that she is determined to continue her education despite the financial challenges their family experiences. She values education and continues to work hard to achieve her goals. I believe she has the dedication and character needed to succeed in college.

I am confident that this scholarship will greatly help Lyca in pursuing her studies and reaching her dreams. I strongly recommend her for your kind consideration.

Thank you very much.

Respectfully.
