Recommendation

PCAFPD scholars are chosen on the basis of their financial need, academic performance, and commitment to community service and leadership. As the applicant's reference, please describe the applicant's demonstrated leadership skills, accomplishments, and impacts on your community and any other relevant information you feel the committee should know about the applicant.

I have only participated during this year's Flores de Mayo as one of its youth leaders. Since our community is small there are only four of us who led the children and one adult to lead the four of us. During that short period of time, I have witnessed Fatima's eagerness to serve and teach the children lessons that enriched their spiritual life. She was passionate about teaching them at their own pace and disciplining the children to be independent with their responsibilities. As best she could, she tried to reconnect with every child to make them feel that they belong and no one was left behind. Although there were some times when we encountered difficult situations, we asked guidance from the Lord and worked as a team. As a result, we solved the issue in no time due to our teamwork and faith. It was such a genuine experience to be able to lead with her and make the children happy as best as we could. I hope she can continue to be the best version of herself and serve with us to make our community full of religious and disciplined children.
