Recommendation

Angel R. Abo was my former student in Information and Communications Technology (ICT) during her Grade 9 year and in Entrepreneurship during her Grade 10 year.

Throughout the time I taught her, Angel consistently demonstrated outstanding academic performance. She excelled in both subjects, showing dedication, diligence, and a genuine commitment to learning. Beyond her academic achievements, she exhibited exceptional leadership skills. I highly recommend her because of her natural ability to lead her classmates with confidence and integrity. She earned the respect of her peers, and they willingly listened to and followed her guidance whenever she took the lead in class activities.

What I admire most about Angel is her humility and growth mindset. Despite her strengths, she remains open to constructive criticism, willingly acknowledges her limitations, and continuously strives to improve herself. These qualities reflect her maturity, resilience, and strong character.

Among the 45 students in my class, Angel stood out as the most remarkable and consistently exemplary learner. In recognition of her exceptional performance and dedication, I presented her with the ICT Award during her Grade 9 year and the Entrepreneurship Award during her Grade 10 year.

Overall, Angel possesses an outstanding combination of character, values, intelligence, academic excellence, and leadership. She is truly a well-rounded individual who will undoubtedly become a valuable asset to any organization or institution she chooses to join. I have no hesitation in giving her my highest recommendation and am confident that she will continue to excel in all her future endeavors.
