Email address: **russel.garcia002@deped.gov.ph**

Applicant Information: Use additional pages as needed

Name: **Rashiella Villarama**

Current School: **Tarlac State University**

Recommendation

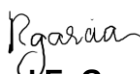

I am honored to recommend Ms. Rashiella Villarama for the PCAFPD scholarship. As her Grade 10 Robotics teacher at Tarlac National High School, I witnessed firsthand her exceptional academic performance, leadership, and commitment to service.

Rashiella consistently demonstrated strong leadership qualities, serving as Vice President of the STEM Organization and actively contributing to the Youth for Environment in Schools Organization (YES-O). She played a vital role in organizing school activities, donation drives for typhoon victims, and environmental initiatives such as clean-up and recycling projects. Her ability to mobilize peers and lead with compassion reflects her genuine dedication to community service.

Academically, Rashiella has excelled across disciplines. She received the Leadership Award, recognition for Outstanding Performance in Research and Innovation, and emerged as Champion in the 1st Tarlakhenyo Quiz Bee (Science Category). Her achievements extend to robotics and innovation competitions, where she earned multiple awards including the Innovation Award at the National Robolution, People's Choice Award at the Regional Robolution, and qualified internationally for the Dubai Robolution. These accomplishments highlight her creativity, perseverance, and ability to compete at the highest levels.

Beyond academics and competitions, Rashiella embodies resilience and service. She has balanced her studies with meaningful contributions to her community, proving herself not only as a scholar but also as a role model to her peers. Her commitment to excellence and service makes her a deserving candidate for the PCAFPD scholarship.

I strongly endorse Rashiella Villarama and am confident that she will continue to excel academically while making impactful contributions to society.
