Name: Ivy C. Maranan

Relationship to applicant: SHS Class Adviser

Organization/School: CINHS

Email address: ivy.cara@deped.gov.ph

Applicant Information: Use additional pages as needed

Name: Kristina Angel D. Cansicio

Current School: Batangas State University - Lipa

Recommendation

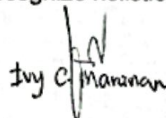

It is my pleasure to write this letter of recommendation for Kristina Cansicio. As her former HUMSS Class Adviser, I have had the distinct opportunity to observe Kristina's growth, character, and contributions both inside and outside the classroom. While her academic performance generally reflects a solid, average standard, her exceptional leadership skills, personal initiative, and profound impact on our school community make her a standout individual with immense potential.

As a HUMSS student, Kristina has maintained a steady and consistent academic record. While she may not always top the centralized test scores, this numerical average does not fully capture her intellectual engagement. In class discussions surrounding social sciences, community development, and civic responsibility, Kristina routinely demonstrates sharp critical thinking and an ability to connect theoretical concepts to real-world scenarios. She is a dependable student who meets her responsibilities with a quiet determination.

Kristina's leadership style is inclusive, collaborative, and deeply empathetic. She has a natural talent for conflict resolution and a unique ability to rally her classmates around a shared cause. When hurdles arose during group projects or school-wide events, Kristina was consistently the person who stepped in to re-organize tasks, motivate her peers, and ensure the project reached completion. Her impact on our community is defined by this genuine desire to lift others up. The committee should know about Kristina that she possesses a high level of emotional intelligence and grit—qualities that cannot be quantified on a transcript. She responds to academic challenges not with discouragement, but with a willingness to learn and improve. She is a young woman of strong civic character, perfectly embodying the core values of the HUMSS strand.

I have no doubt that Kristina will bring this same passion, resilience, and community-minded leadership to your institution. She has my full support, and I highly recommend her for admission and any opportunities that recognize holistic merit.
