To Whom It May Concern,

I am pleased to recommend Josel M. Mag-isa for the Peace Corps Alumni for Philippine Development Scholarship Program. I had the opportunity to teach her during her Senior High School years at Taal Senior High School.

Josel is a responsible and hardworking student who consistently showed dedication to her studies. She maintained good academic performance and graduated with honors. She was also respectful in class, completed her tasks on time, and treated both teachers and classmates with courtesy.

Aside from academics, she willingly participated in school and community activities and served as a class officer, showing that she can work well with others and accept responsibilities. Despite financial challenges, she remained determined to finish her education and pursue her goals.

I believe Josel has the character, discipline, and commitment needed to become a deserving scholar. I highly recommend her for this scholarship opportunity.

Sincerely,

Macaria P. Manguerra
