Current School: University of Asia and the Pacific

Recommendation

I am pleased to recommend Gillian Mae for the PCAFPD Scholarship. Having had the opportunity to work with her in community service activities, including a feeding program and post-rescue missions that provided additional support to affected communities, I have personally witnessed her commitment to helping others.

She is one of the most promising young leaders I have worked with. She consistently demonstrates initiative and a genuine concern for the people around her. What stands out most about her is that her commitment to service does not appear to come from obligation or the desire for recognition. Rather, she possesses a sincere sense of responsibility toward her community and a willingness to contribute whenever she can. Even in ordinary conversations, her concern for others and her desire to make a meaningful difference are evident.

Despite the challenges and circumstances she has faced, Gillian has continued to pursue her education, serve her community, and develop herself as a leader. She demonstrates resilience, compassion, and the ability to take initiative. These are qualities that I believe are essential to effective leadership. I have seen her approach her responsibilities with dedication and genuinely consider how her actions can benefit others.

I strongly believe that Gillian has significant leadership potential and will continue to make meaningful contributions to the community. Her academic determination, commitment to service, and ability to persevere despite difficulties make her highly deserving of this scholarship. I am confident that the support provided by the PCAFPD Scholarship would not only help her continue her education but also allow her to further develop her potential and expand the positive impact she can have on others.

I wholeheartedly recommend Gillian Mae for the PCAFPD Scholarship. I believe she possesses the character, commitment, and potential that this scholarship seeks to support, and I am confident that she will make the most of the opportunities it provides.
