Recommendation

Thank you for considering this recommendation. It is my pleasure to endorse Roselien B. Miralles for the scholarship grant. She has been a consistent achiever throughout her junior and senior high school years, excelling both in academics and extracurricular activities. In Grade 8, she joined Battle of the Words in English, placing 1st at the Congressional level and 5th at the Division level, while also serving as a News Writer and qualifying up to the Congressional, and Division level. In Grade 9, she placed 2nd in the same competition at the Division level, and in Grade 10, she finished 4th place at the Division level. In Grade 11, she competed in the 21st Century, placing 2nd at the Congressional and 4th at the Division level, and also earned recognition as a Regional Qualifier for News Writing. In Grade 12, she competed in Understanding Culture, Society, and Politics (UCSP), securing 1st place at the Congressional level and 2nd place at the Division level, while also serving as President of the Supreme Secondary Learner Government.

Beyond these achievements, Roselien demonstrates strong leadership, discipline, and dedication in all her endeavors. She maintains good academic standing while balancing her responsibilities, showing maturity and a strong sense of commitment. She financially deserves, and this support will greatly help her pursue her college education. For her consistent performance, good character, and potential to succeed, I highly recommend her as a worthy recipient of this scholarship.
