**Subject: STRONGEST RECOMMENDATION FOR ASHLEY JANE C. DALIGDIG – BS Information Technology**

Dear Esteemed Members of the Committee,

It is with great pride, deep respect, and full confidence that I highly recommend my advisory student, **ASHLEY JANE C. DALIGDIG**, for your prestigious PCAFPD Scholarship Program.

I am **MR. RANEL SAMSON NONOL**, the Grade 12 Adviser of Ashley at Sulop National High School. I have known her for two school years not just as a student, but as a young woman with a kind heart and strong character.

Academically, Ashley maintains a General Average of 89. But beyond grades, what truly defines her is her **kindness and willingness to serve**. This was rightfully recognized when she was awarded as an **Active and Committed PEER HELPER for School Year 2025-2026**. Her certificate states: *"Your dedication, willingness to serve, and positive contribution have greatly supported the well-being and growth of your fellow learners. Your commitment reflects the true spirit of leadership, empathy, and service."* This is exactly who Ashley is.

In our classroom, she is the student who notices when a classmate is quiet, who offers help without being asked, who listens with empathy. She is respectful to her teachers, kind to her peers, and a model of professionalism and discipline. Even with the challenges of studying in the province with very weak internet signal, and with her beloved mother working far away as an OFW in Dammam, Saudi Arabia to provide for them, Ashley never complained. Instead, she worked harder.

She also received a medal and diploma for her outstanding service, a testament to her perseverance. Her father is currently unemployed due to a recent medical operation, making it even harder for her family to afford her college education.

Ashley dreams of pursuing **BS Information Technology** not for herself alone, but to help her community. She wants to create solutions for students like her who struggle with technology and connectivity in the province. She wants to give back.

I have taught many students, but Ashley is one of the rare ones who has both the **mind to learn and the heart to serve**. She is not just intelligent; she is compassionate. She is not just a student; she is a leader with a good heart. She truly deserves this opportunity to change her life and to help our country.

I give her my highest and most sincere recommendation without any reservation.

Respectfully and with gratitude,

**MR. RANEL SAMSON NONOL**

Grade 12 Adviser
