Recommendation

To the PCAFPD Scholarship Committee:

I have had the opportunity to teach **Lourrine Sarte** in Grades 11 and 12 and to work with her through Teatro at Likhaang Bonifacio. During this time, I came to know her as a dedicated student who takes her responsibilities seriously.

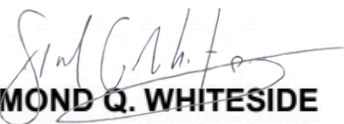

In the classroom, Lourrine is attentive, respectful, and willing to learn. She gives effort in the tasks given to her and works well with her classmates. As a member of Teatro at Likhaang Bonifacio, she also showed her creativity and confidence. She was willing to participate, cooperate with others, and contribute to the activities of the club.

I believe Lourrine has the qualities of a good leader. She may not always be the loudest person in the group, but she shows leadership through her actions, cooperation, and commitment. She is someone who can be trusted to do her part and support those around her.

Lourrine is a student with great potential, and I believe that the PCAFPD Scholarship will help her continue developing her talents and abilities. I hope the committee will give her the opportunity to pursue her studies and reach her goals.

I confidently recommend Lourrine Sarte for this scholarship and wish her success in her future endeavors.

Thank you for your consideration.
