Name: Unice Kate C. Salubre Current School: Nuestra Señora De Guia Academy of Marikina

Recommendation

To Whom It May Concern,

Peace and Blessing! I am writing to strongly recommend **Ms. Unice Kate Salubre**, a Grade 12 ABM B4 student at Nuestra Señora de Guia Academy of Marikina, for the PCAFPD Scholarship Program. As her teacher, I have had the privilege of witnessing her outstanding academic performance, admirable character, and entrepreneurial spirit.

Unice has consistently demonstrated excellence in her studies, showing diligence, discipline, and a genuine desire to continuously improve herself. She is not only a high-achieving student but also someone who values responsibility and independence in her decisions. Her commitment to academic growth is evident in her determination to become a more consistent and disciplined learner.

Beyond academics, Unice has shown remarkable initiative and creativity in entrepreneurship. At the age of 14, she started a small crochet business venture with a friend, successfully earning over ₱2,000 in revenue during their partnership. In 10th grade, she further expanded her entrepreneurial skills by establishing a consignment agreement with the owner of a stationery supply store inside the campus. These experiences reflect her ability to identify opportunities, manage responsibilities, and build meaningful business relationships at a young age.

Unice's maturity and independence are shaped by her personal circumstances, which have taught her resilience and responsibility. She values making sound decisions and strives to create something meaningful and useful for others through her entrepreneurial pursuits. Her seriousness in taking Entrepreneurship as a career path is evident in her vision to build businesses that not only succeed but also contribute positively to society.

In summary, Unice Kate Salubre is an exceptional student whose academic excellence, entrepreneurial achievements, and strong sense of responsibility make her a deserving candidate for the PCAFPD Scholarship. I am confident that she will continue to excel and make significant contributions in her chosen field.

I wholeheartedly recommend her for this scholarship opportunity.

Sincerely yours,

Mr. John Mark N. Dig, LPT
