**Organization/School:** Maluso National High School

**Email address:** zjadji07@gmail.com

### Applicant Information:

**Name:** Princess Lysa Abdulla Abon

**Current School:** Maluso National High School

### Recommendation

I am pleased to recommend Princess Lysa Abdulla Abon, a Grade 12 Academic student of Maluso National High School, for the PCAFPD Scholarship. As her teacher and school coordinator, I have had the opportunity to observe her growth as a student, leader, and responsible member of the school community.

Princess Lysa is a hardworking, responsible, compassionate, and highly motivated student who consistently demonstrates commitment to academic excellence. She has maintained her status as a With Honors student and has been recognized as an Academic Excellence Awardee. Her dedication to her studies reflects her determination to achieve her educational goals despite the challenges that may come her way.

Beyond academics, Princess Lysa has actively participated in school leadership. She has involved in the SSLG (Supreme Secondary Learner Government) Organization, where she has demonstrated responsibility, cooperation, and leadership potential. That helped develop her confidence, communication skills, creativity, and sense of responsibility.

What makes Princess Lysa especially deserving of consideration is her willingness to participate, serve, and contribute positively to her school community. She treats others with compassion and respect and readily accepts responsibilities entrusted to her. Her combination of academic excellence, leadership potential, communication skills, and compassionate character makes her a promising young individual who can continue to make a positive contribution to her community.

I strongly recommend Princess Lysa Abdulla Abon for the PCAFPD Scholarship. I believe that supporting her education will help her further develop her potential and enable her to pursue her aspirations and eventually contribute meaningfully to her community and society.
