PCAFPD Scholarship Committee

Peace Corps Alumni Foundation for Philippine Development (PCAFPD) Scholarship

SUBJECT: SCHOLARSHIP RECOMMENDATION LETTER FOR LUIS IÑIGO TORRES DE LAS LLAGAS

To the PCAFPD Scholarship Selection Committee,

It is my distinct privilege and honor to write this recommendation letter for my advisory student, Luis Iñigo Torres De Las Llagas, a senior high school student at My Messiah School of Cavite Inc., for the PCAFPD Scholarship Program. As his senior high school class adviser, I have had the unique opportunity to closely observe Luis's academic performance, leadership ability, personal character, and commitment to group activities and school service over this academic school year.

Academically, Luis is an exceptionally gifted and diligent student who consistently ranks among the top honors in our class. He achieves outstandingly high academic averages across all subjects. What truly sets Luis apart as a student is not merely his natural intellect but his relentless discipline, curiosity, and thoroughness in all academic undertakings.

He sets a high standard of academic excellence, inspiring his peers to strive for their best as well. Beyond his scholastic achievements, Luis shines remarkably as a leader and a role model within our school community. In collaborative and group activities, he actively takes initiative, guides his groupmates with clarity and kindness, and ensures that every member's voice is heard. On a personal level, I have observed his genuine humility, integrity, and deep sense of responsibility. And because of this, as an adviser of Luis, I can see and honestly say that the parents raised the child well. Besides these, whether leading a major class project or serving in school initiatives, Luis leads by example with maturity, empathy, and strong ethical values. His willingness to serve others and uplift those around him makes him a true beacon of positive influence.

I am fully confident that Luis Iñigo Torres De Las Llagas possesses the leadership potential, dedication to community service, academic rigor, and character necessary to thrive under the PCAFPD Scholarship. He is highly deserving of this opportunity, and I am certain he will make significant contributions to society and honor the foundation and its mission in the future.

Sincerely,

KRISHEIL BALBON
