Name: Peter B. Manlangit

Relationship to applicant: Barangay Captain

Organization: Barangay Dangay, Alburquerque, Bohol

Applicant Information

Name: Princess Cyrenne Kaye R. Duliguez Current School: Tagbilaran City Science High School

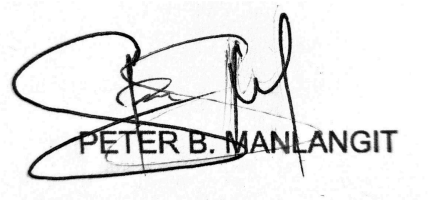

Recommendation

I have known Princess Cyrenne Kaye R Duliguez since she was a child and have had the opportunity to witness her growth into a responsible, dependable, and community-minded young person. As a resident of our barangay, youth volunteer, and Girl Scout, she has consistently shown a willingness to serve and contribute to the community.

One of the most meaningful examples of her leadership was her Chief Girl Scout Medal Scheme project in Purok Uno. She identified the needs of the Purok Center and took the initiative to lead a project that improved its facilities and made it more useful to the community. Through her efforts and coordination with residents, barangay officials, and other members of the community, the center was provided with electricity and water connections, lights, fencing, a functional outdoor kitchen and sink, a comfort room, and she had beautified the space. Despite challenges involving resources and time, she remained committed to seeing the project through. She also helped establish measures for maintaining the improvements, demonstrating that her concern extended beyond simply completing the project.

I personally worked with Princess Cyrenne Kaye R. Duliguez during this undertaking and saw how well she communicated and collaborated with both adults and young people. She is approachable, proactive, and dependable, but what particularly distinguishes her is her willingness to recognize what needs to be done and take action without waiting to be told. She has the ability to bring people together and encourage them to work toward a common purpose.

I believe Princess Cyrenne Kaye R. Duliguez deserves the opportunity provided by the PC AFPD scholarship because she has already demonstrated that when given an opportunity to serve, she uses it to create something meaningful for others. The impact she has made in our community can extend to many more people if she is given the opportunity to continue her education and pursue her goals. I strongly recommend her for this scholarship and believe that her commitment to service, leadership, and community development will continue to benefit others.
