### Recommendation

I am pleased to recommend the applicant as a hardworking, studious, and responsible student who has demonstrated strong leadership skills. As his teacher and Drum & Lyre Corps (DLC) Coordinator, I have observed his ability to lead others with patience, respect, and dedication.

He is an independent learner who takes initiative and does not always need to be reminded to accomplish his responsibilities. He is committed to his studies and consistently shows determination in completing his tasks. As a leader, he is respectful and obedient to school policies and instructions while also being willing to take responsibility when given a task or leadership role.

What I particularly appreciate about him is his positive attitude toward learning and service. He is patient when working with others and shows respect toward his teachers, classmates, and fellow organization members. His willingness to take initiative and work hard makes him a dependable member of our school community.

I believe that his character, work ethic, leadership potential, and commitment to his responsibilities make him a deserving candidate for this scholarship. I am confident that he will continue to use the opportunities given to him to grow, serve others, and contribute positively to his community.
