I am pleased to recommend **Ace Andrei J. Derilo** for the **PCAFPD Scholarship**. I had the opportunity to work with him during his time as a member and **Co-Chairman of the Peer Facilitators Organization (PFO)** at Immaculate Conception Polytechnic Senior High School.

As their Club Moderator, I was able to personally observe his performance, attitude, and involvement in the organization. Throughout his time as Co-Chairman, I observed that he was a hardworking, dedicated, and responsible student leader. He took his role seriously and consistently showed willingness to fulfill the responsibilities entrusted to him. He was also cooperative with his fellow officers and members and actively participated in the activities and programs of the organization.

I particularly appreciated his dedication to his fellow students and his willingness to contribute whenever his assistance was needed. He demonstrated initiative and accountability in carrying out organizational tasks and showed genuine commitment to his responsibilities as a student leader.

Through my observations, I also saw his ability to work well with others, communicate respectfully, and contribute as part of a team. His experience in the Peer Facilitators Organization allowed him to demonstrate leadership, teamwork, accountability, empathy, and concern for others, which are valuable qualities in his continued growth as a student.

His dedication as a student leader and his commitment to his organization and fellow students reflect his willingness to grow and contribute positively to his school community.
